

Student Questionnaire – TiltTray lab

- What elements of this lab would you like to see (or not see) more of in other labs?
- If you found that using your phone in the lab increased the value of the lab, please help us to understand why
- Was there a particularly memorable moment during your lab time where something suddenly made sense or was particularly satisfying? If so, please describe it to us.
- have you ever dealt with 3D coordinates before?

Student Questionnaire – TiltTray lab VERSION 1

- What did you learn from the coordinate system exercise (if anything) ?
- Did you feel more confident with vector decomposition?
- What elements of this lab would you like to see (or not see) more of in other labs?
